Summer Term 2	Cricket	Y4	Compete & Develop	Morpeth/ Ponteland CC

Access - The other competitions are not accessible for these children. Usually, this is because these children have additional needs.

Belong - These children are motivated to take part because they are competing with their friends. The score is not as important as the opportunity to take part. These competitions will reward participation, effort, attitude and / or progress

Compete - These are the most competitive children. They are physically able and mentally resilient. Competitions will be decided by the best performance / highest score.

Develop - These children want to play in a competition but they are not as physically able and / or mentally resilient. Many competitions will mirror those for the 'Compete' but they will be played with more coaching input.

Enrich - These children / young people may not want to compete but can benefit from other opportunities afforded by participation in the School Games e.g. leadership, festivals.
